current account (credit +, debit −)
financial account (assets up, liabilities up)
(a) tea exports
exports +100
asset: exporter's deposit abroad +100
(b) oil imports
imports −150
asset: reserves −150
(c) remittances
secondary income +30
asset: bank's deposit abroad +30
(d) government bond
—
asset: reserves +80
liability: government bond +80
CA = 100 − 150 + 30 = −20
FA = assets 60 − liabilities 80 = −20; reserves −70
